Set consists of 3 sizes.

**CERVICAL COLLARS SUPPORT** **11005-1**

Support for cervical collars installed on the left rear door. Includes a stainless steel bar painted and 2 elastic nets.

**RACK** **11014**

Steel structure, applicable along the left wall. Indispensable to install up to a maximum of two supports for equipment.

**MULTIPARAMETER MONITOR** **10399-10**

EGG 3, 7 outlets, breath (impedenziometric method), analysis of 4 arrhythmias, possession of Pace maker, oscillometric method with NIBP, temperature, SPO2 Nellcor technology, thermal printer.

**MONITOR SUPPORT** **10399-11**

Stainless steel support for multi-parameter monitor.

Kompak 170

170

**AUTOMATIC VENTILATOR** **1693**

Ventilator 170. Frequency: from 5 to 35 BpM; volume: from 2 to 20 L/min; ratio I/E: 1/2; O<sup>2</sup> concentration: from 60 to 100% Safety valve: from 15 to 70 cm H<sub>2</sub>O.  
Kompak 170 **5364-1**

**VENTILATOR SUPPORT** **7105-11**

Stainless steel support for ventilator 170.

**SEMIAUTOMATIC DEFIBRILLATOR** **10353-10**

Defibrillator iPad Power semi-automatic, twophase, 7 years warranty, battery included, diagnostic software automatically.

**DEFIBRILLATOR SUPPORT** **10499-1**

Stainless steel support for Defibrillator iPad.

**PORTABLE VACUUM SYSTEM** **5441-20**

Medical suction, double piston motor over 30Lt/ min. Adjustable linear suction with pressure gauge. Time > 45 min. Secured self-cleaning bottle 1000 ml with overflow valve and filter.

**948**   **2347**   **253**   **1260**

**PORTABLE O<sub>2</sub> CYLINDER**

Complete portable oxygen cylinder with pressure reducer with flow shots and mask for oxygen delivery.

**GAS CYLINDER SUPPORT**

Support for oxygen cylinders made of stainless steel with locking handwheel.

**0253** 2-3-7 lt

**PORTABLE REFRIGERATOR 7lt** **9916**

Refrigerator 12V-36W portable. Dual function: cooling and heating. Cooling capacity of ca 25 ° less than the ambient temperature.

**REFRIGERATOR SUPPORT** **10272-7**

Stainless steel support to hang on the wall or installed in various positions within the sanitary compartment. Includes support steel and the 12 V socket for power.

**TRAUMA COMPARTMENT** **14075**

Mobile housing for vertical stretchers: spoon, spine board, pediatric spinal board, ready to use, installed behind the left wheel.
